Professional Summery

I enjoy building web applications that solve real problems.
I design seamless interfaces, develop robust web solutions, and deliver creative digital experiences.
Specialized in MERN stack development, fluent in C/C++, and passionate about graphic design.
When I'm not coding, you'll find me exploring nature's hidden treasures.

Technical Skills

- Programing Languages: C/C++, Java Script, Java, R

- Frontend Technologies: React.js, Tailwind CSS, HTML, CSS

- Backend Development: Node.js, Express.js, Flask, REST API

- Database System: Mongo DB

- Development Tool: Git, GitHub, Vite, Postman

Projects

RESTAURANT SEAT BOOKING | Java, react.js, CSS   – JAN, 2025

- Customers can check available seats and make reservations instantly through the web application.
- They can view the restaurant's digital menu in real–time, with live updates on item availability.
- The system streamlines restaurant operations while providing a faster and smoother customer experience.

PORTFOLIO WEBSITE | React.js, CSS   – NOV, 2025

- Designed and developed a personal portfolio to showcase projects, skills, and resume.
- Built using React.js and styled with modular CSS for maintainable and scoped styling.
